About this Directory

In the following pages you will find details of over 60 voluntary car schemes, dial-a-rides and other community transport initiatives across Dorset.

The Directory is split by Council District, to help locate schemes nearest to you, and are listed in alphabetical order. Do check the listings for neighbouring communities as some schemes service villages across a wide area. Each page provides you with a little information about the scheme, details of which areas the scheme operates in and some contact details for you to make enquiries and to book the transport.

The information listed was correct at the time of compilation but is subject to change. Please contact the scheme or service directly for more information.

If you know of other schemes that operate in Dorset or if you wish to be included in this directory or have an amendment, please contact:

Erica Pretty on 01305 224841

Community Transport Information Line

This is a service that enables people to find out if there is a community transport scheme in their area. Telephone **01305 221053** or go to: <http://mapping.dorsetforyou.com/mylocal>

Important Note:

We are not in a position to recommend a particular organisation, however this directory contains details of a number of independent sector providers of transport you may wish to contact. Dorset County Council are unable to take responsibility for the actions of these providers, their inclusion does not imply any approval or inspection of their work on our part. The charges and level of service vary from organisation to organisation. You may wish to contact more than one scheme to ask about your requirements and their costs before making a decision. Details of other providers may be found in the telephone directory or local press.

Volunteering

Community Transport schemes provide an essential service to people who either cannot use, or do not have access to, conventional forms of public or private transport. Many of these schemes are only in existence thanks to the generosity and support of local volunteers. If you or somebody you know is interested in becoming a volunteer driver or organiser, please contact your local scheme to discuss how you might be able to help them.

Thank you.

Hospital Transport

Patients who need to get to and from hospital or their doctor's surgery are expected to make their own way there, whether by public transport or with assistance of relatives, friends or neighbours. In some areas community transport may be an option. If you are unable to get to hospital for your appointment, because of some medical or physical frailty, you may be eligible for the NHS Non Emergency Patient Transport. This transport is provided for **medical reasons only** using the guidelines from the Department of Health. These guidelines are available from the Dorset Patient Transport Bureau web site: www.dorsetptb.co.uk

If you believe as a patient that you might be eligible for free patient transport, or need advice on getting to your hospital appointment, then contact the Dorset Patient Transport Bureau on: **0300 777 5555**

All requests for transport are assessed against the eligibility criteria and patients are assessed for each request as medical conditions change over time. If you are not eligible for patient transport, the bureau will offer advice on alternative methods of public and volunteer transport. The bureau is open Monday to Friday 8.00 a.m. to 6.00 p.m. For more information visit the website.

The Healthcare Travel Cost Scheme may be able to provide financial help to patients on a low income who are not eligible for hospital transport. Call **0300 330 1343** for further details

CarShare Dorset

CarShare Dorset links drivers and passengers together to share their journey. It can also help to reduce traffic congestion and save you money on fuel. Because of the organisation involved, car-sharing is most appropriate for pre-planned or regular journeys, but can also be used for one-off journeys.

Bookings: You will need to sign up online at www.dorset.liftshare.com. It only takes a few minutes and signing up is free.

Eligibility:

Anyone can use CarShare Dorset. You don't need to have a car—many people are happy to offer lifts in exchange for sharing the fuel costs.

Cost:

We suggest that drivers and passengers share the cost of fuel.

Days of operation:

Because of the organisation involved, car-sharing is most appropriate for pre-planned or regular journeys but you can also search for traveling companions for one-off journeys to anywhere in the country at any time.

Areas served:

CarShare Dorset is part of the Liftshare network, which is available all over the country.
